Lawson InterACTIVE – M3 Webinars for customers

Lawson InterACTIVE simplifies the process of signing up and attending webinars for M3 customers in Europe. Available in English, German, French and Swedish, the webinars are 30 minutes and covers new products, solutions and services. You want to know more, visit [Lawson InterACTIVE](#).

Lawson Learning vLabs

When it's time for class, simply open your web browser and sign in. In today's challenging economy, organizations still need to train their employees but cannot afford extensive travel costs. vLabs are just like being in the classroom - only easier. Visit [Lawson vLab](#) to learn more.

Olins Blog

Olin Thompson is industry strategy director for food & beverage at Lawson. Read his insight and commentary on the latest trends and hot topics in the food and beverage industry. [Read Olin's Blog here](#).

Lawson M3 10.1 is here!

We're pleased to announce our most comprehensive M3 release ever! Lawson M3 10.1. Lawson M3 10.1 is designed with you in mind - your industry, your company and your users. There are over 600 new and enhanced features **designed to increase your efficiency and help make your business stronger**.

We're very excited about the new release. We believe that it delivers **a smarter and simpler way of working and a deeper and broader industry focus**. It also drives down the total cost of ownership with new technology and easier upgrades - for a quicker time-to-benefit and a faster return on your investment.

Idahoan Foods Live with Lawson QuickStep Food & Beverage

Idahoan Foods has gone live on Lawson QuickStep Food & Beverage. Lawson QuickStep Food & Beverage is an industry pre-configured solution based on the latest version of the Lawson M3 Enterprise Management System. It was developed through Lawson's deep knowledge of business processes and challenges in the food and beverage industry. The solution is designed to help meet a variety of demands, from fast moving industry supply chains and short order-to-delivery cycles to the handling of perishable products and raw-materials. This helps companies like Idahoan Foods reduce the time, cost and risks associated with bringing their products to market. [Read more](#)

MyLawson.com – Join Now!

From the March 1st, all access to Tellus will go through MyLawson.com. Make sure you are prepared for this and register to receive log-on credentials. All you need to do is to complete an on-line form to assign a Customer Administrator and you will then have access to all your Lawson information in one place. [Click here to register](#)

Customer Correction Self Service tool

Now, there's a simpler way to get Lawson Business Engine corrections if you're using Lawson M3 7.1 or 5.2. Just click and download the corrections you need – from a location you already use and trust today.

Previously, your experience might have been: Fix A requires Fixes B and C; but Fix C also requires Fix D.

Now, this same correction experience would be: Download Fix A and Fixes B, C, and D are included in the same package.

This self-service tool is a feature within Lawson LifeCycle Manager 9.0.3 and is available to all maintenance-paying customers on Lawson M3 7.1*, or 5.2. For additional requirements and details please review the LifeCycle Manager 9.0.3 Technical Scorecard on the Knowledge Base via TellUs.

This is just one of many advantages to using the latest Lawson M3 applications. Contact your account manager today for upgrade planning.

**starting with Business Engine 13.1 Fix Pack 7, M3 System Foundation 7.1*
